

Alden Medical donation to assist W.S. Partnership programs

The West Springfield Partnership for Education (WSPE) recently received a donation of \$5,000 and an opportunity to receive an additional \$10,000 from Alden Medical, LLC in West Springfield through their Alden Cares matching gifts program. In order to receive these additional funds, the Partnership was challenged to raise \$5,000 by July 2016 and another \$5,000 by July 2017.

Alden Medical and the D'Amico family's support for the Partnership for Education and the students in West Springfield is evidence of the company's commitment to making a difference in the community. "It is our hope that [West Springfield Partnership for Education] can use Alden's matching gifts to further create a buzz and general public awareness of the West Springfield Partnership for Education," explains Alden Medical. For more information about Alden Medical, please visit www.aldenmedical.org.

West Springfield Partnership for Education President, Kevin McQuillan, welcomes the generous donation of Alden Medical, LLC, which ensures the continuance of the Partnership's mini-grant programs for students and teachers in the town's public, parochial and private schools. He added that Alden's gift embodies the true spirit of the business community's support for schools, on which the WSPE was founded.
